Mission Statement:
The mission of the Breast Cancer Alliance is to improve survival rates and quality of life for those impacted by breast cancer through better prevention, early detection, treatment and cure. To promote these goals, we invest in innovative research, breast surgery fellowships, regional education, dignified support and screening for the underserved.

To accomplish this, the Breast Cancer Alliance:
- Funds a diversified portfolio of breast cancer research
- Funds Breast Surgery Fellowship programs
- Funds the purchase of equipment for research
- Provides timely information on breast health and the importance of early detection
- Supports outreach and case managerial services, education, counseling and mammograms for underserved and underinsured women in mid to southern Connecticut and Westchester County, New York

2019 Exceptional Project Grant Application

Terms:
The term of the Exceptional Project Grant is one year, beginning February 1, 2020, and provides salary support and project costs of $100,000. Administrative costs, which are included in the $100,000 award, must be limited to 8% of grant funds.

The research project must be directly related to the field of breast cancer. Areas of relevant research may include but are not limited to: diagnosis, etiology, immunology, genetics, therapies, prevention and clinical studies.

Grant recipients must submit a brief report documenting progress by July 31, 2020 and a final report by April 2, 2021. Both reports must be written in layman terms. Failure to submit the progress report will result in forfeiture of any remaining grant funds. Grant recipients must also schedule a site visit with Breast Cancer Alliance representatives approximately midway during the grant term.

Any publication associated with the research must recognize the Breast Cancer Alliance as a sponsor.

Application procedure:
In order to apply for the Exceptional Project Grant you must have submitted a Letter of Intent (LOI) by April 5, 2019 and been invited by the Breast Cancer Alliance to submit a formal application. Researchers should coordinate with their institutions as BCA will accept a maximum of 2 LOIs per institution. Applicants will be advised by the mid-May, 2019 as to whether they are invited to submit a full application.

**If you submit an LOI for an Exceptional Project Grant but are not asked to submit a full proposal, you may not then apply for a Young Investigator Grant for the same project.**

Final applications must be emailed to researchgrants@breastcanceralliance.org on or before July 19, 2019, followed by a hard copy mailed to the Breast Cancer Alliance office. Please adhere to the format as specified. Font style should be 12 point, single spaced, Times New Roman, with at least half inch margins.
An independent External Review Committee will review and evaluate the applications. Based on their results and subsequent review by the Grants Committee, recommendations are made to the BCA Board for final approval. Applicants are notified by e-mail by mid-January 2020 of the decision regarding their proposals. Arrangements for contracts and payment will be made at that time. Funding will be disbursed in two equal installments. The grant term will begin February 1, 2020.

All applications are confidential and are available only to the Board of Directors, the Grants Committee, the Medical Advisory Board and the Independent External Review Committee. If any grantee or sponsoring institution fails to adhere to the policies and qualifications listed above, the grant is subject to termination.

Please contact researchgrants@breastcanceralliance.org with any questions.

2019 Exceptional Project Grant Application, p.3

Telephone ______________________

E-Mail __________________________

Project Title _________________________________

Briefly describe your project in 250 words or less using non-technical language.

B. Briefly describe your project in 250 words or less using technical language.

C. Research Proposal
   Describe (limit to five (5) pages of text and figures) the nature of the research program in which you will participate using the following format, (Times New Roman, 12pt., single spaced, at least half-inch margins)

   1. Specific aims- ½ -1 page
   2. Background, significance and rationale ½ -1 page
   3. Preliminary data 1-2 pages
   4. Research plan 2-3 pages

D. Bibliography

E. Biohazards statement.

F. Human investigation statement.

G. Laboratory animals statement.

H. Biosketch- (current NIH format, maximum five pages). List training institutions, staff appointments, awards, and peer reviewed publications as related to breast cancer research (please limit publications to past five years). Information provided on the Biosketch should focus on work related to breast cancer or directly related to the proposed research project.

I. Submit a budget reflecting projected research expenditures. Travel expenditures may not exceed one thousand dollars ($1,000.00).

J. List all other active and pending financial support pertaining to your clinical work or research during the funding term.
Letters of Reference:
Two letters of reference are required. Letters should be from individuals not directly involved with the application but who are familiar with the applicant’s qualifications, training and interests. The letters should address the candidate’s:
- Competence
- Potential for conducting research
- Evidence of originality
- Adequacy of scientific background
- Quality of research endeavors or publications to date, if any
- Any additional comments that the referee may wish to provide
